

Science Course Options

Currently in Physics 9:

- Living Chemistry (Departmental exam in June.)
- Regents Chemistry (Regents exam in June.)
- Chemistry Honors (Regents exam in June.)

Currently in Physics 9 Honors:

- Chemistry Honors (Regents exam in June.)
- *AP Chemistry (AP exam in May.)
**Subject to departmental recommendation.*

Currently in Living Chemistry:

- Regents Biology (Regents exam in June.)

Currently in Regents Chemistry:

- Regents Biology (Regents exam in June.)
- *AP Biology
**Subject to departmental recommendation*

Currently in Chemistry Honors:

- Regents Biology (Regents exam in June.)
- *AP Biology (AP exam in May.)
**Subject to departmental recommendation.*

Currently in AP Chemistry:

- *AP Biology (AP exam in May.)
** Subject to departmental recommendation.*

Currently in Regents Biology:

- *AP Environmental (AP exam in May.)
- *AP Chemistry (AP exam in May.)
- *AP Biology (AP exam in May.)
- Science Elective (see list below)
** Subject to departmental recommendation.*

Currently in AP Biology:

- *AP Environmental (AP exam in May.)
- *AP Chemistry (AP exam in May.)
- *AP Physics C (AP exam in May.)
- *AP Physics I (AP exam in May.)
- Science Elective (see list below)
**Subject to departmental recommendation.*

Electives:

- Science Research 9, Research Project Seminar, Senior Research (application required.)
- Human Anatomy and Physiology, Human Impact and Environmental Responsibility, Science Today
